

# The McGowan Government is investing \$171.4M towards its Methamphetamine Action Plan

## What's already underway

93 treatment beds across WA including 49 for the South West

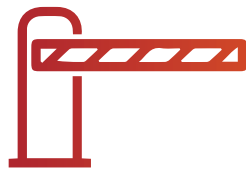

Plan for treatment services in the Kimberley

WA's first alcohol and drug treatment prison for women delivered with a second facility for men in progress

Increased police road side testing

Meth Border Force established with a record 1.5 tonne of meth seized to date

Toughest penalties in the country for traffickers

Introduced mental health emergency centres

## Extra initiatives being implemented

Expand police and mental health joint crisis response

Trial compulsory crisis intervention

Make help easier to find with a one stop shop to better support individuals and families

Prioritise and target school based education

Establish a mental health emergency centre in Perth's eastern suburbs

Comprehensive whole of government response to methamphetamine use
